Re: Sixth Street Road Reconstruction
Date: June 18, 2018

On June 7, 2018, the Purchasing Board received bids for the Sixth Street Road Reconstruction project. The bids ranged from the low bid of \$538,074.20 to the high bid of \$700,067.20. The Engineer's Estimate for the project was \$635,806.00. The low bid was submitted by Charles Marandino, LLC of Milmay, NJ. A complete tabulation of the bids received is detailed in a summary of bids on file in the City Clerk's office.

The Sixth Street Road Reconstruction project generally consists of milling, installation or removal and replacement of curb, sidewalk, handicap ramps and driveway aprons; resetting valves and manholes, and inlets; restoration and other appurtenant items of work to accommodate a final application of a 2" asphalt overlay; traffic striping and road signage. The location of this work is 6th Street from Main Street (NJSH Rt. #49) to Broad Street (County Rt. #552) as identified in the Plans of Specifications in the City of Millville, New Jersey.

The funding for the Sixth Street Road Reconstruction project has been made available by NJDOT FY2017 Municipal Aid Program and NJDOT FY2018 Municipal Aid Program.

The low bid has been reviewed and found to be in compliance with bid specifications and New Jersey Public Contracts Law. Therefore, I recommend award of the Sixth Street Road Reconstruction project to Charles Marandino, LLC, of Milmay, NJ in the amount of \$538,074.20.

If you have any questions please contact me. Thank you.
